Records Control Schedule 22-55, Item No. 437

1. It is requested that Records Control Schedule 22-55 be amended to delete Item No. 437. This item referred to Offset Negatives of ORR Reports which had been returned by the Printing Services Division to the Publications Staff for possible reruns. Arrangements had been made by the undersigned and Mr. [REDACTED], ORR, with Mr. [REDACTED] of the Records Center, and the Printing Services Division to forward these negatives direct to the Records Center where they would be filed with the extra copies of the pertinent report. This will eliminate this file.

2. Attached is a copy of memo dated 21 November indicating that this material had been transferred to the Records Center.
